

A POSTAL AUCTION WITH NO BUYER'S PREMIUM, NO EXTRA VAT OR HIDDEN EXTRAS AND ALL LOTS GUARANTEED

Who would have thought?

Dear Very Important Philatelist (UPA V.I.P.),

It doesn't matter which trade, every trade/sector has its own issues.

Two years in the planning, 25+ years ago, when I contacted auction houses worldwide to absorb/research how they addressed stamp trading/philatelic issues – who would have thought that there were none! That's right, you heard it ... there were no issues, and the only 'issue' detected over the 1st 15 years of questions I asked other dealers and auctioneers were that if they could locate the right stamps at the right prices... then they could sell them! Nobody not even once asked me the same question back, which may be part of the reason some are no longer with us.

In a nutshell, that's the reason why we created our unique 'ramped' reducing-reserves system, in combination with never charging a buyer's premium 'written in stone'. Research (and common sense) indicated that if you, the collector, win stamps to the value of precisely £100=, naturally you are not going to be amused to receive an invoice for the sum of £130+/- including 'Buyer's Premium', shipping, insurance (and taxes could even push this further)!

Then, hearing atrocious tales of collectors being 'hit' by caveat emptor (buyer beware, no right to return), we added our 100% no quibble 30-day guarantee into the equation. Trade talk revealed other auctions experiencing 10% returns, historically UPA returns, including 'I regret I have that stamp already in my collection (!)' are less than 1% of lots sold, sometimes nearer to ½ of 1%. However, the highest value item refunded for over the course of 25 years was £4,000.00 (ouch!). We estimate that our no quibble guarantee has increased sales by at least 10%. 10% extra sales against less than 1% returns is a 'no-brainer', so why don't others follow.

We spend more on marketing internationally than most dealers sell in a year, creating, in my opinion, the second largest philatelic database aside of SG, of 69,000+ different collectors including some dealers from 58 countries.

Interestingly, I believe that the 1st £55 FREE offer has made UPA. I wondered if we could afford to do it ... but repeated loyal client bidding soon made it clear that rather than being expensive giving something valuable attracted valuable clients. I estimate that we have given half a million pounds of stamps away, along the way. Thank you! The 1st £55 Free offer continues. Occasionally new collector clients have bid without

being aware of this Introductory Offer. Paying by credit card, imagine their surprise to find that £55 Free has automatically been deducted from their invoice?!

From conception in Market Harborough, inception in Helensburgh (Scotland), we could hardly believe the support, 650 different collectors bid in UPA1, which from memory offered some 6,000 lots. It took my wife and I 6 weeks to post all lots to winning bidders. For the 2nd auction I drove down to the local post office and politely asked the counter clerk if she knew of anybody who could help, and so Louise (who drove into our garden gate) volunteered who helped us for 20 years, even after we moved south.

Would you believe 27 of those 1st 650 bidders who bid in UPA99 are still with us as this catalogue lands. We have added a surprise auction-credit in the sum of £50 to each of those loyal supporters with our grateful thanks.

However, our sincere thanks go to you all, because the real reason why we have been able to offer and achieve so much is a product of 'scale'. When precisely 1,400 different collectors, from 41 different countries bid in UPA99 – some 67 totally NEW clients, plus a further 74 returning clients who have not bid for a year... we know that Philately is far from being a dead hobby but has rather become a niche classic pastime to the aficionados.

Who would have thought that by reaching the big 100 auctions, UPA has survived recessions, financial crises, covid, and loss of wonderful staff, but none of this would have been possible without YOU. Thank you, and it would have been even more impossible without our loyal Team, some of whom have been loyally working with UPA for up to 25 years (although the record is more than 30 years). A huge thank you to them.

No, we're not stopping, which you can surely tell by the fabulous variety of even rare material presented in UPA100. Keep bidding. And especially at this time of year, please accept our heartfelt thanks to you all. Onwards and upwards.

... and the UPA Team

Dedicated to De-mystifying Philately

Andrew's Ramble: Consistent Collecting

Now is a good time of year to re-examine your collecting strategy. Consider that piecemeal collections rarely command good realisations, and if the component parts are essentially low value stamps, then anybody else interested may/will have those stamps already. Relieve pressure on your wallet by converting redundant collections you never look at into 'auction-credit'. Increasing numbers of collectors do this. The largest single auction-credit we have offered, and which was accepted is £10,000=. Within a few auctions the collector had spent it! Don't hesitate! Start now

Team Ramble:

THE UPA REDUCING ESTIMATE SYSTEM

• Each auction is a compilation of both high and lower value material, with some of the high value material owned by vendors and some by UPA. Our belief is that if an item is not selling, it is too expensive. This formula permits us to offer the Unique UPA Reducing Estimate System so that if an item does not sell, it will be reoffered in the next catalogue with the estimate reduced by 11%, and the item will be flagged to show that it has been previously unsold.

• Each time that item does not sell, it will be reoffered and the estimate will reduce by 11%, then 12%, 13%, 14% etc. This allows items to find their own market value, e.g. ...

• A lot is offered for the first time with an estimate of £100, but it does not sell.

• The lot is reoffered in the next auction with an estimate of £89, but it does not sell.

• The lot is reoffered in the next auction with an estimate of £78, but it does not sell.

• The lot is reoffered in the next auction with an estimate of £67, etc. ...

(Estimate reductions are 'ramped' as above as each time a lot is unsold).

• Bids below 80% of estimate have no chance of success.

• After the auction has closed, on the Friday evening we publish the UNSOLDS list of all lots that may be purchased at 80% of estimate.

• Lots that are previously unsold are denoted US at the end of the description, e.g. ... US - previously unsold US2 - previously unsold twice US3 - previous unsold three times etc.

• Once a lot has been unsold five times or more and if the estimate has fallen to £20 or less, that lot drops into the BABS category (see below).

BABS: BAG A BARGAIN SYSTEM

• BABS lots are those items which have been unsold 5 times or more (marked US5, US6 etc.) and have estimates of £20 or less.

• BABS lots are denoted by (B) at the end of the description.

• These lots start at 99p and you can bid any amount you wish, at or above this level.

• Standard bid steps (tie-breaks) apply to BABS lots so if you do not wish bid steps to apply to BABS lots, please indicate this clearly on your bid form.

BID AMOUNTS

• We do not accept BUY bids as this is unfair to other bidders.

• If you are prepared to pay a multiple of the estimate price for a particularly rare item please enter your maximum price, but beware that another bidder may also recognise special value in the same item and bid accordingly. We therefore recommend that you only enter the maximum you are prepared to pay.

• You can bid any amount you choose, subject to the minimum amounts:

- Non-BABS lots: minimum bid 80% of estimate
- BABS lots: minimum bid 99p

• Conditional (either/or) bids are accepted - please clearly denote this on your bid form.

• Bids steps (up to 3) can be used to increase your bid in the event that equal bids are received (the early bidder wins a tied bid). Bid step increments are subject to your bid value - see HOW TO COMPLETE YOUR BID FORM (page 296) for full details.

• Please do not state bid an extra X% - please bid in actual GBP amounts, or use bid steps if you prefer.

• Bids must be placed in GBP.

ESTIMATES

• Estimates are based upon condition and current market value.

• All estimates and catalogue prices are in £ GBP and all catalogue prices are S.G. unless otherwise stated.

• We will state where another catalogue is used and if a foreign currency, we will show the value in Pounds Sterling equivalent.

• All non BABS lots: **bids below 80% estimate will be respectfully declined. Bidders wishing to purchase such lots for less may have the opportunity to do so in subsequent auction(s).**

BUYER'S PREMIUM - there isn't one! If you are a new client, you may qualify for our Introductory Offer* (£55 GBP discount if you spend/win £75 GBP or more)

*Offer valid for NEW Collector clients aged 18+. Offer subject to status and restricted to one per household.

Postal Auction UPA101

Live Bidding - Wednesday 8th April, 5pm

The majority of lots in our auctions are owned by UPA, but a little while ago we introduced our **UPA Vendor** service whereby we will offer to sell more valuable items for vendors on a commission basis. Some of these vendors requested increased use of the internet for greater exposure, and in order to accommodate vendor requirements, we are offering **LIVE INTERNET BIDDING** on the following **203 LOTS** listed below.

You can still bid normally on these lots by post, fax, email, online and telephone before the 5pm (UK time) Tuesday 7th April deadline. Your bids will be confidential so that a **live** internet bidder will be bidding against bids which are on the book.
