A POSTAL AUCTION WITH NO BUYER'S PREMIUM, NO EXTRA VAT OR HIDDEN EXTRAS AND ALL LOTS GUARANTEED

Dear Very Important Philatelist,

Following hard upon a successful UPA86, we present UPA87 ...

"Where does it all come from?" was perhaps the most unusual question I fielded when I was invited to talk to/address members of the Association of British Philatelic Societies 96th Annual Philatelic Congress of Great Britain Kay Goodman Lecture in Leeds some years ago ...

The answer then may be even more pertinent when we are asked a similar question today: the extraordinary breadth and depth of material offered by Universal comes from a desire to present to collectors what I would wish/hope to see were I still collecting today.

There's nothing more disappointing (in Philately) than making the effort to attend a Stamp shop, a Stamp Fair, a Stamp Dealer, a Stamp Auction or Exhibition or receive a Stamp magazine, Stamp catalogue OR Auction Catalogue ... and finding there was nothing for you there ... that's the reason why UPA makes a *massive* effort each auction to provide collectors like you with the opportunity to find lots you are missing and are unlikely to find elsewhere because few dealers can be bothered to present you with so much choice. Simply put – it's too much like hard work isn't it, but it's not 'hard' work, it's ALL about 'organisation' which funnily enough is not my strongest point ...

Everything we do hinges upon 'scale', and when you have scale - this is what permits you to offer unparalleled choice ... because ultimately if you are 'live-wired' collectors will wish to return the favour by offering their collections to/through UPA. This is how we 'square' the circle of supply.

When I started in stamps fifty years ago, all dealers seemed to scramble for stock to offer to collectors; I scrambled for collectors and then found the stamps they wanted. This permitted me to be able to pay more because I had collectors wanting stamps ... it is that sort of 'reverse-thinking' which has created UPA, backed by assembling the most brilliant Team of *Collector-Focused* Professionals I have ever been privileged to work with, and that is our Admin/Back Office Team: ultimately, they '*organise*' and they galvanise ...

There are many auctions that charge shipping, others that charge 'shipping and insurance', others that charge Buyer's Premiums on their own stock. Some that intimidate by offering no returns. None of this should be necessary if they do sufficient business to achieve scale, turning the absence of 'negatives' (extra charges) into positives that nurture loyalty / attract new clients. And that's the nub of the problem in Philately – **because nobody treats collectors like the valuable VIP's they are.**

Naturally, each year, even each auction that decreasingly small Globe we live in poses its own set/new problems to upset/address ... and sometimes such upsets appear to threaten UPA client benefits such as the UPA 'Loyalty Post and Insurance-Free' delivery ... We all have to take notice of the Post Office as it seeks to invalidate the postage-stamps we buy to deliver your lots to you ... but we work to turn a negative into a positive for so long as we are able.

So, these are the reasons why you receive these massive auction catalogues. Success builds upon success. None of us is blind to what is happening on the real-world stage, or doing our bit for sustainability, increasing numbers of clients opt to receive their catalogues/view/bid online ... If philately is to thrive and survive, we need to be good to each other and support each other ...

You will find it difficult to find a Stamp Auction with better material to choose from than the catalogue in front of you. Thank you for bidding to support Universal ...

Happy Hunting from my wife and super Team at UPA. Please join the more than 50 different collector clients who have given UPA 5* star ratings on Google. Don't forget to keep on rating UPA, your ratings attract new collectors to Universal Philatelic Auctions, and tell me if you don't like what we do! Thank You. To your success...

Best wishes,

Andrew's Ramble: Philatelic Accessories

Although we have steadfastly avoided accessories (excepting promotions) over the past 50 years, it seems that accessories cannot avoid UPA.

Accepting the inevitable you will now find a periodically changing range of new/surplus used accessories: Albums and Leaves, Equipment and Reference Catalogues ... at discounted from retail prices according to age and condition, plus (unusually for this trade) – most items supplied post-free. Each time you visit UPA online – you may find it worth your while to check the supplies you can order instantly online, with direct access from our home page at: www.upastampauctions.co.uk

Team Ramble:

SCAN REQUESTS: we are happy to provide scans (or photocopies for clients without email) and/or verbal condition reports for any lot in the auction. Please submit requests to scans@upastampauctions.co.uk

BIDDING: you can submit bids in one of the following ways...
• Online bid form via our website
• Post/Mail
• Email directly to bids@upastampauctions.co.uk
• Telephone: +44(0)1451 861111
• Fax: +44(0)1451 861297

We always confirm receipt of bids that are submitted electronically - if you do not receive confirmation, it may mean that we have not received your bid so please contact us. Please ensure you direct your requests to the correct email address as noted above

A REMINDER: we just wanted to take this opportunity to remind bidders that our auctions are not an approvals service. We are happy to offer a 100% guarantee on all lots, but we have noticed over the last few auctions, that some clients appear to be taking advantage of this facility and return lots because they have changed their mind (one client told us that he had bid on an item on the off-chance it was better than the copy he already had; he preferred his existing copy so returned the item he had bid on). We offer a free scanning service, so if you are unsure whether an item is suitable for you, please ask for scans (or photocopies) before you bid, so that an underbidder doesn't potentially miss out.

BID CONFIRMATION: just a reminder that we do not automatically confirm receipt of bids submitted by post or fax. If you submit your bids by one of these methods and you want to check whether we've received your form, please contact us directly.

Please note: we are not open weekends or bank holidays.

THE UPA REDUCING ESTIMATE SYSTEM

- Each auction is a compilation of both high and lower value material, with some of the high value material owned by vendors and some by UPA. Our belief is that if an item is not selling, it is too expensive. This formula permits us to offer the Unique UPA Reducing Estimate System so that if an item does not sell, it will be reoffered in the next catalogue with the estimate reduced by 11%, and the item will be flagged to show that it has been previously unsold.
 - Each time that item does not sell, it will be reoffered and the estimate will reduce by 11%, then 12%, 13%, 14% etc. This allows items to find their own market value, e.g...
 - A lot is offered for the first time with an estimate of £100, but it does not sell.
 - The lot is reoffered in the next auction with an estimate of £89, but it does not sell.
 - The lot is reoffered in the next auction with an estimate of £78, but it does not sell.
 - The lot is reoffered in the next auction with an estimate of £67, etc...
 - (Estimate reductions are 'ramped' as above as each time a lot is unsold).
 - Bids below 80% of estimate have no chance of success.
 - After the auction has closed, on the Friday evening we publish the UNSOLDS list of all lots that may be purchased at 80% of estimate.
 - Lots that are previously unsold are denoted US at the end of the description, e.g... US - previously unsold US2 - previously unsold twice US3 - previous unsold three times etc.
 - Once a lot has been unsold five times or more and if the estimate has fallen to £12 or less, that lot drops into the BABS category (see below).
- ### BABS: BAG A BARGAIN SYSTEM
- BABS lots are those items which have been unsold 5 times or more (marked US5, US6 etc.) and have estimates of £12 or less.
 - BABS lots are denoted by (B) at the end of the description.
 - These lots start at 99p and you can bid any amount you wish, at or above this level.
 - Standard bid steps (tie-breaks) apply to BABS lots so if you do not wish bid steps to apply to BABS lots, please indicate this clearly on your bid form.

BID AMOUNTS

- We do not accept BUY bids as this is unfair to other bidders.
- If you are prepared to pay a multiple of the estimate price for a particularly rare item please enter your maximum price, but beware that another bidder may also recognise special value in the same item and bid accordingly. We therefore recommend that you only enter the maximum you are prepared to pay.
- You can bid any amount you choose, subject to the minimum amounts:
 - Non-BABS lots: minimum bid 80% of estimate
 - BABS lots: minimum bid 99p
- Conditional (either/or) bids are accepted - please clearly denote this on your bid form.
- Bids steps (up to 3) can be used to increase your bid in the event that equal bids are received (the early bidder wins a tied bid). Bid step increments are subject to your bid value - see HOW TO COMPLETE YOUR BID FORM (page 324) for full details.
- Please do not state bid an extra X% - please bid in actual GBP amounts, or use bid steps if you prefer.
- Bids must be placed in GBP.

ESTIMATES

- Estimates are based upon condition and current market value.
 - All estimates and catalogue prices are in £ GBP and all catalogue prices are S.G. unless otherwise stated.
 - We will state where another catalogue is used and if a foreign currency, we will show the value in Pounds Sterling equivalent.
 - All non BABS lots: **bids below 80% estimate will be respectfully declined. Bidders wishing to purchase such lots for less may have the opportunity to do so in subsequent auction(s).**
- ### BUYER'S PREMIUM

Postal Auction UPA87

Live Bidding - Wednesday 5th October, 5pm

The majority of lots in our auctions are owned by UPA, but a little while ago we introduced our **UPA Vendor** service whereby we will offer to sell more valuable items for vendors on a commission basis. Some of these vendors requested increased use of the internet for greater exposure, and in order to accommodate vendor requirements, we are offering **LIVE INTERNET BIDDING** on the following **214 LOTS** listed below.

You can still bid normally on these lots by post, fax, email, online and telephone before the 5pm (UK time) Tuesday 4th October deadline. Your bids will be confidential so that a **live** internet bidder will be bidding against bids which are on the book.

Live Internet Bidding is available upon the following lots only:

DO YOU 'APPROVE?'

You may not know it but 47 years ago, as a teenager, I received stamps sent 'on approval' from Omniphil. 17 years later in the mid-1980's I bought the company and added Avon Approvals (and mixtures) to make one of the biggest 'stamps on approval' businesses today in the UK... 1,000,000+ stamps, 7,000+ stamp books in our library, all for your choice

If you're looking for general or single country selections of individually / unit priced stamps sent to you upon approval – so that you select those you want and return those you don't want... If you can spend an average of £20 upwards per selection sent, you'll receive a very generous discount towards the cost of your returning approval books back to Pat and Martin, who run our Tewkesbury Approvals Office. To join our 'Approvals' Club simply tell Pat & Martin what countries / subjects you collect and whether you collect mint & or used... STOP/Start Service any time...

898		BUTTERFLIES BUTTERFLIES (and a few moths) – possibly one of the best collections ever formed, this balance collection has around 2/3rds of the original quantity from what is believed to be the 'Batten' collection exhibited at the RPSL. Consisting of mainly mint stamps, the collection is presented in 21 premium cost cloth bound peg fitting (Exeter) albums containing around 4000 stamps, miniature sheets, covers, a booklet and sheets of Cinderella labels depicting butterflies (e.g. Zimbabwe 'Buy and use RAPT TB Seals – Help fight Tuberculosis'; Rhodesia 'The Rhodesian Society for the Blind and Handicapped') and ephemera. Many sets are in blocks of 4 (although some are individual stamps presented as a block of 4) and mainly hinged on the top 2 stamps. The collection is superbly presented and written up, however the sets are separated by species so it may not be immediately obvious that they are complete sets. Further separation presents the collection by continents. Includes stamps found in the 'Appendix' section of the catalogues which have not been included in the value. Apart from a few watermark varieties identified, the collection has not been checked for flaws/errors etc. There are some gaps on pages where stamps have been extracted for separate listing. Also included is a comprehensive reference folder. A most attractive lot with a catalogue value in excess of £4,000. For those considering creating a beautiful 'Butterflies' collection, this lot presents an unique opportunity to leapfrog forward in one fell swoop, because in our opinion no better fundamental foundation collection exists, or could exist without an incredible amount of research, plus a massive amount of sourcing and purchasing from different Global suppliers over a sustained period of time to put this valuable butterflies collection together. Experience an **“Addictive”** Daily Price-Drop

Price-Drop Systems like this UPA Auction Catalogue are the Collectors’ Secret Weapon. Unfortunately, this catalogue is produced quarterly. What if you could get your **‘Philatelic-Fix’ each weekday?** You can - Join 1,160 Collectors and Dealers taking Top-Up Twenty (TUT) Now...

Four years ago, Andrew was looking for an additional stamp selling system that complemented his firm belief that if a stamp was not selling it was not worth the money asked. This is the founding principle, in combination with his firm opinion that Buyer’s Premiums are pernicious, and all lots sold should be guaranteed - upon which this UPA auction ‘spread’ before you, we created over twenty years ago. It is thanks to your support that UPA has become the largest ‘no extra charges’, all lots guaranteed, Philatelic Auction of its type in the world today ...

Unable to find anything suitable he thought of our auction ‘unsolds’ online selling system which has proved popular with collectors after the auction – so much so, that some collectors no longer bid in the auction – they just wait to choose from the bargain unsold lots on offer for immediate purchase at 20% below estimate after each auction closes (95% delivered post-free).

He thought – can we utilise online transparency to replicate the auction ‘price-drop’ as an instant-purchase price-drop selling system? The original idea was that we would offer twenty lots and top-up each time a lot was sold. Hey presto ‘Top-Up Twenty’ (TUT) was born. Hah – that lasted 5 days – happily, you liked the system – so that (a bit like Carphone Warehouse selling mobile phones), rather liking ‘TUT’ we kept the name.

TUT is Andrew’s ‘baby’. You’ll not find a single lot that he has not described – so you may find a degree of verbosity (absent pomposity) – which is why he ‘burns the midnight oil’ bringing you 5 new lots each weekday.

Since that modest start collectors like you have acquired an average of £3,000 of stamps via TUT each week – which is just another reason adding resilience to UPA’s business model successfully continuing through the Coronavirus Crisis.

TUT offers a wide variety of single lots and collections. Each weekday, simultaneously 1160 different collectors (and dealers) receive an email illustrating today’s lots added, together with a sampling of that day’s ‘price-dropped’ lots. Yes, a ‘dutch auction’ in effect – with prices starting off at retail and rapidly reducing to dealer’s wholesale ‘trade’ price. It’s fun, but also can be frustrating if you wait too long and the item has gone to another collector (or dealer). Find out now how TUT suits you ...

View online immediately and/or sign up free for daily email alerts (unsubscribing does not impact your auction notifications) ... as Mr. ‘B’ says it’s **“Addictive”!** ... so, start **Now**
