**A POSTAL AUCTION WITH NO BUYER'S PREMIUM, NO EXTRA VAT OR HIDDEN EXTRAS AND ALL LOTS GUARANTEED**

Dear Very Important Philatelist,

What trait would you use to describe your Philatelic Passion? How about 'obsession'? Sometimes It may feel like we need to be obsessed as head down we trundle relentless through thick and thin. Could you use that to describe the weird and wonderful world we live in ... perhaps this is why stamp collecting is such wonderfully absorbing escapism.

I still remember a lovely gentleman in Yorkshire whose wife would say "where have you been to this morning Dear?" and he would answer that he had been solving philatelic forays into Burma that morning, but Bechuanaland beckoned in his afternoon session ... Lucky man!

Or the Gentleman I visited the 1st time I used my Sat-Nav ... and I could not believe that it took me right to his door (which seems to have been a 1st time fluke because it took me 20 miles away from destination when I was in Wales) ... I remember asking him why his stamp collection started in 1935? ... and he said that was because he was born in 1935 ... and he had been collecting for 70 years since the age of six ... which seemed to me to be something of a record then ... (but you have long beaten that now). So, as I was turning the leaves, I asked him how many people he had shown his collection to over the course of those 70 years ... and he replied ... "not one Andrew, you're the first and you're buying my collection!" (and so we did).

So, it's not 'Philatelic Passion' per se ... but rather it's a very *private Philatelic Passion*.

Few seem to understand this (or even mackintoshes these days) but fortunately for us some circa 1,756 different collectors from 52 different countries participated in UPA 87 ... our best auction outcome in the previous two years ... and we still have collectors tell us that they have finally found that missing philatelic piece in the jigsaw of their collection that they have waited some 30 years to fill ... Because, with stamps – as doubtless you have already experienced ... it is not always the rarest stamp that you couldn't find ... rather it's that elusive odd Victorian or Edwardian value issued at a different date out of sync ... catalogued at £50 or so (and mysteriously never going up), that simply does not seem to have ever existed ... indeed could some mischievous

Catalogue Editor have slipped it into the catalogue 140 years ago? ... just to test the fettle of collectors' mettle ... (April Fool!)

The point is that in this crazy world you carry on collecting and we carry on fulfilling ... and we love doing so ... and there's rather more collectors out there than we all recognise ... because when I ask how many of you actually subscribe to buy a monthly stamp magazine ... you would be surprised how few of you appear to do so ... yet, when you venture with trepid toe into the eBay jungle ... you would be surprised by how many collectors you'll find there ... but what are they winning?

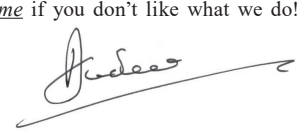

Yes, collecting has become a niche industry ... but I'm told that 5 paintings in one auction at Christie's each sold for in excess of \$100 million (yes – one hundred million dollars each) **this past week** ... so there's money in collecting and passion too thanks to you.

Start turning the pages of this – the largest and most valuable auction we have ever presented to discover why and how it is possible even in 2023 to acquire quality stamps for your collection, guaranteed, at an auction that supplies 95% of lots insured post-free ... where the hammer price to you is still the price you pay ... in truth – it's the rather different UPA way for canny collectors where surprisingly a £100 stamp auction invoice wins you £100 worth of stamps and nothing else. Compare that with other auctions.

Collectors tell me that when our catalogue hits their doormat, they know they have weeks of philatelic pleasure ahead of them ... because nobody puts in the effort of UPA.

Happy Hunting from my wife and super Team at UPA. Please join the more than 60 different collector clients who have given UPA 5\* star ratings on Google. Don't forget to keep on rating UPA, your ratings attract new collectors to Universal Philatelic Auctions, and tell *me* if you don't like what we do! Thank You. Please start placing your bids now ... To Your success ...

Best wishes,

**Andrew's Ramble: Niche Covers**

I'm going to draw your attention to the small collection of British stamp covers / First Day Covers we have placed on the prestigious outside back cover because they are all rare ... and in some cases very rare – exceptionally so yet still modestly estimated. As you know USED missing colour errors rarely achieve catalogue status because they are more easily faked / colours faded out (the integrity of mint errors is protected by their gum which offers a barrier to being tampered with). Take a good look – FDC/cover/ expert status protects their integrity ... you'll also find images online that you can enlarge ... well worthy of bidding upon and adding to a fine collection ...

**Team Ramble:**

**SCAN REQUESTS:** we are happy to provide scans (or photocopies for clients without email) and/or verbal condition reports for any lot in the auction. Please submit requests to [scans@upastampauctions.co.uk](mailto:scans@upastampauctions.co.uk)

**BIDDING:** you can submit bids in one of the following ways...  
 • Online bid form via our website  
 • Post/Mail  
 • Email directly to [bids@upastampauctions.co.uk](mailto:bids@upastampauctions.co.uk)  
 • Telephone: +44(0)1451 861111  
 • Fax : +44(0)1451 861297

We *always* confirm receipt of bids that are submitted electronically - if you do not receive confirmation, it may mean that we have not received your bid so please contact us. Please ensure you direct your requests to the correct email address as noted above

**BIDS ARE CONFIDENTIAL:** clients often ask us how their bids stand so that they can increase them if they're not currently winning. We would remind all bidders that bids are confidential and will not be disclosed to third parties. The advice we always give is to bid as much as you would be prepared to pay for something. If it sells for more, so be it, because you wouldn't have wanted to pay more anyway, but hopefully an underbidder is bidding much less, in which case you won't have to pay as much as your maximum. The other thing to bear in mind is that it's better to bid as early as possible because the earlier bidder always takes priority if bids are tied. You can always add to your bids or increase/decrease them before the closing date as you see fit, but at least you'd be in the system with an earlier bidder number.

**PEN CANCELS:** we like to send packages using postage stamps but clients often tell us that the stamps used have either been pen-cancelled or not cancelled at all. Unfortunately, there is nothing we can do about this. Once we have handed packages over to Royal Mail, they are no longer under our control. We suggest therefore that any such comments/complaints are directed to Royal Mail.

### PHONE LINES AFTER THE AUCTION

We will be on answerphone when the auction closes at 5pm on 10th January until 11am on Monday 16th January, while we process bids and issue invoices/results. Due to the incredible number of telephone calls we receive after the auction, we are forced to limit telephone calls from

**MONDAY 16TH JANUARY** until  
**FRIDAY 27TH JANUARY** as follows:

Monday - Friday: 11am to 1pm, 2pm to 4.30pm

**Please note:** we are not open weekends or bank holidays.

### THE UPA REDUCING ESTIMATE SYSTEM

• Each auction is a compilation of both high and lower value material, with some of the high value material owned by vendors and some by UPA. Our belief is that if an item is not selling, it is too expensive. This formula permits us to offer the Unique UPA Reducing Estimate System so that if an item does not sell, it will be reoffered in the next catalogue with the estimate reduced by 11%, and the item will be flagged to show that it has been previously unsold.

• Each time that item does not sell, it will be reoffered and the estimate will reduce by 11%, then 12%, 13%, 14% etc. This allows items to find their own market value, e.g...

• A lot is offered for the first time with an estimate of £100, but it does not sell.

• The lot is reoffered in the next auction with an estimate of £89, but it does not sell.

• The lot is reoffered in the next auction with an estimate of £78, but it does not sell.

• The lot is reoffered in the next auction with an estimate of £67, etc...

(Estimate reductions are 'ramped' as above as each time a lot is unsold).

• Bids below 80% of estimate have no chance of success.

• After the auction has closed, on the Friday evening we publish the UNSOLDS list of all lots that may be purchased at 80% of estimate.

• Lots that are previously unsold are denoted US at the end of the description, e.g... US - previously unsold US2 - previously unsold twice US3 - previous unsold three times etc.

• Once a lot has been unsold five times or more and if the estimate has fallen to £12 or less, that lot drops into the BABS category (see below).

### BABS: BAG A BARGAIN SYSTEM

• BABS lots are those items which have been unsold 5 times or more (marked US5, US6 etc.) and have estimates of £12 or less.

• BABS lots are denoted by (B) at the end of the description.

• These lots start at 99p and you can bid any amount you wish, at or above this level.

• Standard bid steps (tie-breaks) apply to BABS lots so if you do not wish bid steps to apply to BABS lots, please indicate this clearly on your bid form.

### BID AMOUNTS

• We do not accept BUY bids as this is unfair to other bidders.

• If you are prepared to pay a multiple of the estimate price for a particularly rare item please enter your maximum price, but beware that another bidder may also recognise special value in the same item and bid accordingly. We therefore recommend that you only enter the maximum you are prepared to pay.

• You can bid any amount you choose, subject to the minimum amounts:

- Non-BABS lots: minimum bid 80% of estimate
- BABS lots: minimum bid 99p
- Conditional (either/or) bids are accepted - please clearly denote this on your bid form.

• Bids steps (up to 3) can be used to increase your bid in the event that equal bids are received (the early bidder wins a tied bid). Bid step increments are subject to your bid value - see HOW TO COMPLETE YOUR BID FORM (page 356) for full details.

• Please do not state bid an extra X% - please bid in actual GBP amounts, or use bid steps if you prefer.

• Bids must be placed in GBP.

### ESTIMATES

• Estimates are based upon condition and current market value.

• All estimates and catalogue prices are in £ GBP and all catalogue prices are S.G. unless otherwise stated.

• We will state where another catalogue is used and if a foreign currency, we will show the value in Pounds Sterling equivalent.

• All non BABS lots: **bids below 80% estimate will be respectfully declined. Bidders wishing to purchase such lots for less may have the opportunity to do so in subsequent auction(s).**

**BUYER'S PREMIUM** - there isn't one! The only additional charges we apply are: shipping for invoices less than £50 GBP, and overseas shipping of HEAVY lots (see page 3 for details). If you are a new client, you may qualify for our Introductory Offer\* (£55 GBP discount if you spend/win £75 GBP or more)

# Postal Auction UPA88

## Live Bidding - Wednesday 11th January, 5pm

The majority of lots in our auctions are owned by UPA, but a little while ago we introduced our **UPA Vendor** service whereby we will offer to sell more valuable items for vendors on a commission basis. Some of these vendors requested increased use of the internet for greater exposure, and in order to accommodate vendor requirements, we are offering **LIVE INTERNET BIDDING** on the following **233 LOTS** listed below.

You can still bid normally on these lots by post, fax, email, online and telephone before the 5pm (UK time) Tuesday 10th January deadline. Your bids will be confidential so that a **live** internet bidder will be bidding against bids which are on the book.

**Live Internet Bidding** is available upon the following lots only:

# DO YOU 'APPROVE?'

You may not know it but 47 years ago, as a teenager, I received stamps sent 'on approval' from Omniphil. 17 years later in the mid-1980's I bought the company and added Avon Approvals (and mixtures) to make one of the biggest 'stamps on approval' businesses today in the UK... 1,000,000+ stamps, 7,000+ stamp books in our library, all for your choice

If you're looking for general or single country selections of individually / unit priced stamps sent to you upon approval – so that you select those you want and return those you don't want... If you can spend an average of £20 upwards per selection sent, you'll receive a very generous discount towards the cost of your returning approval books back to Pat and Martin, who run our Tewkesbury Approvals Office. To join our 'Approvals' Club simply tell Pat & Martin what countries / subjects you collect and whether you collect mint & or used... STOP/Start Service any time...

714		BUTTERFLIES BUTTERFLIES (and a few moths) – possibly one of the best collections ever formed, this balance collection has around 2/3rds of the original quantity from what is believed to be the 'Batten' collection exhibited at the RPSL. Consisting of mainly mint stamps, the collection is presented in 21 premium cost cloth bound peg fitting (Exeter) albums containing around 4000 stamps, miniature sheets, covers, a booklet and sheets of Cinderella labels depicting butterflies (e.g. Zimbabwe 'Buy and use RAPT TB Seals – Help fight Tuberculosis'; Rhodesia 'The Rhodesian Society for the Blind and Handicapped') and ephemera. Many sets are in blocks of 4 (although some are individual stamps presented as a block of 4) and mainly hinged on the top 2 stamps. The collection is superbly presented and written up, however the sets are separated by species so it may not be immediately obvious that they are complete sets. Further separation presents the collection by continents. Includes stamps found in the 'Appendix' section of the catalogues which have not been included in the value. Apart from a few watermark varieties identified, the collection has not been checked for flaws/errors etc. There are some gaps on pages where stamps have been extracted for separate listing. Also included is a comprehensive reference folder. A most attractive lot with a catalogue value in excess of £4,000. For those considering creating a beautiful 'Butterflies' collection, this lot presents an unique opportunity to leapfrog forward in one fell swoop, because in our opinion no better fundamental foundation collection exists, or could exist without an incredible amount of research, plus a massive amount of sourcing and purchasing from different Global suppliers over a sustained period of time to put this valuable butterflies collection together.
