Them and Us...

Dear Very Important Philatelist (UPA V.I.P.),

Although nobody has ever said this before, historically collecting/dealing in collectibles, stamps/philately included, is a dysfunctional trade. For most of my 50+ years full-time in philately this has been a 'fascination' within what I call our industry. Funny that I've never heard any other dealer, auctioneer, or collector call philately an 'industry'.

Part of the allure of collecting is that knowledge is so diverse so that literally one never stops learning day in, day out. But there is that constant push/pull contrary juxtaposition that traverses, indeed superimposes itself upon all aspects of this dysfunctional business... because rightly or wrongly that is what it takes to deliver stamps – an organisation... which is why I call working in philately our industry.

For many, if not most, collecting is a lifetime pursuit. Quality leisure downtime – mentally absorbing, indeed nourishing... yet following the advent of the internet the barriers to entry in terms of trading stamps have never been lower (as indeed the quality/standard of what visibly is on offer on sites such as eBay may never have been lower or to be fair in other instances higher – but which is which – that is the problem?) ... arguably justification for the very existence of the UPA No Buyer's Premium All Lots Guaranteed Reducing Estimate and Reserve Business Model.

All that we see/experience in collecting is indeed a 'once-removed' isolated microcosm of the push/pull of positive/negative of early 21st Century life. Its lure distanced from the everyday 'battle' of life may be surreal ...

... so where is this leading? It is leading to the special nature of this grand hobby (note the word 'grand') ... and the people/personalities and community within collecting ... but putting a commercial hat upon philately it all comes down to 'teamwork' as indeed in a wider sense does trade.

In the previous UPA 89 auction you respected and rewarded the New 'scale' UPA Loyalty-Rewarded system thank you. I'm able to report that from the previous 1,553 distinct different bidders in UPA88 ... a pleasing 1,588 distinct different bidders supported UPA89 making the auction a success. Consequently, as promised **all** successful bidders winning stamps £80+ have been credited the sum of £12 (not negotiable or transferable) auction-credit which will be applied when next bidding. Obviously, at some stage UPA clients will lose this success-orientated auction-credit if not utilised ... sadly commercial reality imposes the mantra 'use it or lose it'!

We understand that collectors may not find what they may be missing in following auction(s) ... but the point of the UPA 'Loyalty-Rewarded' system is to foster the 'teamwork' of client retention because without 'scale' our hobby may not thrive.

So ... what has the team been able to put together for the 90th UPA auction? Each new auction that arrives literally astonishes. I'm *not* going to tell you all about it ... because with 26,687 lots and almost £2.4 million pounds worth of lots I'm going to let you find what your collection may be missing!

Please don't forget to bid – because with your support we wish to develop the UPA 'scale' loyalty-rewarded system to reward you and collectors like you.

With thanks and Best wishes for your success,

... and the UPA Team
Dedicated to De-mystifying Philately

Andrew's Ramble ... How to –

I'm hopeless at jokes because I don't have the 'delivery' ... but ask me about stamps and if I don't know the answer – chances are I can deliver. Frequently we are asked philatelic queries which we may amaze with our answers... but chances are – we know how to find the answer(s) by using not just Google – but 'Google Images'... Try Google Images... because often in philately a picture leads you to thousands of results more effectively than words...

Team Ramble:

SCAN REQUESTS: we are happy to provide scans (or photocopies for clients without email) and/or verbal condition reports for any lot in the auction. Please submit requests to scans@upastampauctions.co.uk

BIDDING: you can submit bids in one of the following ways...
 • Online bid form via our website
 • Post/Mail
 • Email directly to bids@upastampauctions.co.uk
 • Telephone: +44(0)1451 861111
 • Fax : +44(0)1451 861297

We always confirm receipt of bids that are submitted electronically - if you do not receive confirmation, it may mean that we have not received your bid so please contact us. Please ensure you direct your requests to the correct email address as noted above

BIDS ARE CONFIDENTIAL: clients often ask us how their bids stand so that they can increase them if they're not currently winning. We would remind all bidders that bids are confidential and will not be disclosed to third parties. The advice we always give is to bid as much as you would be prepared to pay for something. If it sells for more, so be it, because you wouldn't have wanted to pay more anyway, but hopefully an underbidder is bidding much less, in which case you won't have to pay as much as your maximum. The other thing to bear in mind is that it's better to bid as early as possible because the earlier bidder always takes priority if bids are tied. You can always add to your bids or increase/decrease them before the closing date as you see fit, but at least you'd be in the system with an earlier bidder number.

COLOUR PLATES: You will notice that some items on the colour plates have an asterisk after the lot number. This indicates that this stamp is part of a set rather than a single-stamp lot.

The catalogue is laid out as follows...

THE UPA REDUCING ESTIMATE SYSTEM

• Each auction is a compilation of both high and lower value material, with some of the high value material owned by vendors and some by UPA. Our belief is that if an item is not selling, it is too expensive. This formula permits us to offer the Unique UPA Reducing Estimate System so that if an item does not sell, it will be reoffered in the next catalogue with the estimate reduced by 11%, and the item will be flagged to show that it has been previously unsold.

• Each time that item does not sell, it will be reoffered and the estimate will reduce by 11%, then 12%, 13%, 14% etc. This allows items to find their own market value, e.g. ...

• A lot is offered for the first time with an estimate of £100, but it does not sell.

• The lot is reoffered in the next auction with an estimate of £89, but it does not sell.

• The lot is reoffered in the next auction with an estimate of £78, but it does not sell.

• The lot is reoffered in the next auction with an estimate of £67, etc. ...

(Estimate reductions are 'ramped' as above as each time a lot is unsold).

• Bids below 80% of estimate have no chance of success.

• After the auction has closed, on the Friday evening we publish the UNSOLDS list of all lots that may be purchased at 80% of estimate.

• Lots that are previously unsold are denoted US at the end of the description, e.g. ... US - previously unsold US2 - previously unsold twice US3 - previous unsold three times etc.

• Once a lot has been unsold five times or more and if the estimate has fallen to £15 or less, that lot drops into the BABS category (see below).

BABS: BAG A BARGAIN SYSTEM

• BABS lots are those items which have been unsold 5 times or more (marked US5, US6 etc.) and have estimates of £15 or less.

• BABS lots are denoted by (B) at the end of the description.

• These lots start at 99p and you can bid any amount you wish, at or above this level.

• Standard bid steps (tie-breaks) apply to BABS lots so if you do not wish bid steps to apply to BABS lots, please indicate this clearly on your bid form.

BID AMOUNTS

• We do not accept BUY bids as this is unfair to other bidders.

• If you are prepared to pay a multiple of the estimate price for a particularly rare item please enter your maximum price, but beware that another bidder may also recognise special value in the same item and bid accordingly. We therefore recommend that you only enter the maximum you are prepared to pay.

• You can bid any amount you choose, subject to the minimum amounts:

- Non-BABS lots: minimum bid 80% of estimate
- BABS lots: minimum bid 99p

• Conditional (either/or) bids are accepted - please clearly denote this on your bid form.

• Bids steps (up to 3) can be used to increase your bid in the event that equal bids are received (the early bidder wins a tied bid). Bid step increments are subject to your bid value - see HOW TO COMPLETE YOUR BID FORM (page 336) for full details.

• Please do not state bid an extra X% - please bid in actual GBP amounts, or use bid steps if you prefer.

• Bids must be placed in GBP.

ESTIMATES

• Estimates are based upon condition and current market value.

• All estimates and catalogue prices are in £ GBP and all catalogue prices are S.G. unless otherwise stated.

• We will state where another catalogue is used and if a foreign currency, we will show the value in Pounds Sterling equivalent.

• All non BABS lots: **bids below 80% estimate will be respectfully declined. Bidders wishing to purchase such lots for less may have the opportunity to do so in subsequent auction(s).**

BUYER'S PREMIUM - there isn't one! The only additional charges we apply are: shipping for invoices less than £50 GBP, and overseas shipping of HEAVY lots (see page 3 for details). Postal Auction UPA90

Live Bidding - Wednesday 5th July, 5pm

The majority of lots in our auctions are owned by UPA, but a little while ago we introduced our **UPA Vendor** service whereby we will offer to sell more valuable items for vendors on a commission basis. Some of these vendors requested increased use of the internet for greater exposure, and in order to accommodate vendor requirements, we are offering **LIVE INTERNET BIDDING** on the following **197 LOTS** listed below.

You can still bid normally on these lots by post, fax, email, online and telephone before the 5pm (UK time) Tuesday 4th July deadline. Your bids will be confidential so that a **live** internet bidder will be bidding against bids which are on the book.

Live Internet Bidding is available upon the following lots only:

DO YOU 'APPROVE?'

You may not know it but 47 years ago, as a teenager, I received stamps sent 'on approval' from Omniphil. 17 years later in the mid-1980's I bought the company and added Avon Approvals (and mixtures) to make one of the biggest 'stamps on approval' businesses today in the UK... 1,000,000+ stamps, 7,000+ stamp books in our library, all for your choice

If you're looking for general or single country selections of individually / unit priced stamps sent to you upon approval – so that you select those you want and return those you don't want... If you can spend an average of £20 upwards per selection sent, you'll receive a very generous discount towards the cost of your returning approval books back to Pat and Martin, who run our Tewkesbury Approvals Office. To join our 'Approvals' Club simply tell Pat & Martin what countries / subjects you collect and whether you collect mint & or used... STOP/Start Service any time...

13297		1988 In the first half of 1988, tests were started with various ways of dispensing booklets - this was both electrical and mechanical. For these experiments new test material in the form of booklets was needed and these were produced with labels either with or without an overprint of a bar. These labels were on unwatermarked paper, and with the exception of the overprint when this was used, have no other printing (stampboards.com 30/10/2009). Here we have an empty booklet with 'Electical Machine Dummy Booklet for test purposes only' on the cover, printed in grey ink, with no printers name (unlike other booklets). There may have been 4 x poached egg stamps, there are 3 stamp width strips with a thick black vertical line on each. Rarely seen. {BK}	£40

INVITATION **£45 OFF OFFER** MINIMUM SPEND £100

TERMS & CONDITIONS APPLY, SEE BELOW

We are offering an exclusive offer for our Auction Customers who have never benefitted from UPA's Top-Up Twenty Instant Purchase Price-Drop System.

What is Top-Up Twenty?

Top-Up Twenty is an **online only** service, providing collectors with an opportunity to 'top up' their collection with exclusive lots in between our quarterly auctions.

These lots are independent of the auction and vary in size, from a single stamp to a multi-album collection. Each lot is included for its interest or of high/highest calibre, described personally by Andrew and photographed in full so you can clearly inspect it before purchase.

Our cast-iron No Quibble Guarantee applies across all Top-Up Twenty lots and we offer easy instalment plans for higher priced items, enabling you to seriously improve your collection.

How does Top-Up Twenty work?

- Every weekday we offer 5 new lots for sale.
- Each lot will price-drop on a weekly basis until it reaches reserve or sells, whichever is first.
- Top-Up Twenty is active all year round, except for the weeks between the auction closing date and the Unsold Lots closing date when we are busy with auction despatch. We won't be adding new lots or price-dropping old lots during this time, but any available lots previously added will still be available to buy.
- As soon as the Unsold Lots sale closes, we resume adding new Top-Up Twenty lots and daily price-drops (often with a special discount – sign-up to be the first to know!).
- Lots are rarely removed – if you can't find it on our website, it has already sold!
