A POSTAL AUCTION WITH NO BUYER'S PREMIUM, NO EXTRA VAT OR HIDDEN EXTRAS AND ALL LOTS GUARANTEED

Dear Very Important Philatelist (UPA V.I.P.),

Theoretically the cost of collecting keeps rising. However, these days it may not be the actual cost of stamps per se, which in many respects for classic issues 1840-1940 /1950 is stable albeit increasingly condition-related ... **BUT it is the cost of all of the extra add-ons which other stamp auctions seem to delight in**, (I don't know if you agree) - in my opinion to the detriment of collectors.

I know I keep going on about it, but the Buyer's Premiums and extra costs seem disproportionate to what is actually delivered ... and this is even before overseas collectors factor in unwelcome extras such as import tariffs. To be fair to President Trump we were already starting to receive 'push-back' from clients overseas, who through no fault of their own, other than location, have started being charged import tariffs by their own governments ... I have already talked about delivering to the EU, but for example clients in Canada and Australia were already being charged import tariffs before the President made such a monumental issue of it that the Global Economy is threatened.

Fortunately, UPA - with our 'written in stone' *loathing* of Buyer's Premiums, adoption of enhanced collector loyalty programmes, subsidised shipping and free insurance is exceptionally well-positioned to address these 'anti-collector' measures, but we urge overseas collector clients suffering additional delivery issues to contact UPA Admin so that we may see how/if we can assist.

The strength of the unique UPA Stamp Collector 'business model/proposition' lies in the significant 'scale' of no less than 1,361 different collectors (and some dealers) bidding in UPA97 from 42 different countries - all participating in this unique ALL Lots Guaranteed, No Buyer's Premium, Reducing

Reserves (and Estimates), stamp auction supply system. By pulling together, Collectors support each other Internationally.

Unsurprisingly, it may not be a level playing field throughout the world, but ultimately, we Philatelist Collectors need each other, in concert, to make our glorious hobby continue to thrive to survive.

So, what can you expect of UPA98? The last few auctions have 'consumed' large volumes of inexpensive 'BABS' lots; of course you should always expect to see volume of US\$5, US\$6 etc. under £20 Estimate BABS-qualifying lots ... where you can bid any amount 'north' of 99p. where you may expect success (depending upon other auction-bidders, naturally) - See Page 2, but you may see an increment of more substantial/voluminous lots 'cheek by Jowl' with more common-place to scarce/major rarities. I know of no other philatelic (come to think of it - no other auction) where lots descend until sold or 'BABS' given away ... BUT, this is the joy of what our Bank Manager called a (unique) successful 'Market-Tracker' ... and I don't know of many of those in Philately, let alone outside of Wall Street, NY ... or Threadneedle Street (Paternoster Square) London ... Do You?

Thank you for supporting UPA. Please review/participate in this unique 23,570 lot auction. With your bidding support, long may we continue ... Please Start NOW, Best wishes and thanks ...

... and the UPA Team
Dedicated to De-mystifying Philately

Andrew's Ramble: Tell-Tale Clues ...

When we pick up a stamp album to review/evaluate ... why may we spend the 1st 20 to 30 minutes apparently doing nothing other than randomly lifting hinged stamps, (even common ones) extracting others for examination? It is ALL because those 1st impressions tell the tale of collecting consistency which ultimately impacts/influences value. How often is it that we find poorly mounted hinging of stamps ... where over-enthusiastic hinging results in the 'tail' of the stamp hinge re-connecting with the stamp so that the stamp is actually 'twice-mounted' **by the same hinge** ... or worse still, partially stuck down ... Sadly, stamp-collecting is not 'slap-dash' so that poor coordination may best be addressed by housing in mounts, hagner strip leaves, stock-books or expensive hinge-less albums ... and that includes us all.

PHONE LINES AFTER THE AUCTION

We will be on answerphone when the auction closes at 5pm on 1st July until 11am on Monday 7th July, while we process bids and issue invoices/results. Due to the incredible number of telephone calls we receive after the auction, we are forced to limit telephone calls from

Please note: we are not open weekends or bank holidays.

THE UPA REDUCING ESTIMATE SYSTEM

• Each auction is a compilation of both high and lower value material, with some of the high value material owned by vendors and some by UPA. Our belief is that if an item is not selling, it is too expensive. This formula permits us to offer the Unique UPA Reducing Estimate System so that if an item does not sell, it will be reoffered in the next catalogue with the estimate reduced by 11%, and the item will be flagged to show that it has been previously unsold.

• Each time that item does not sell, it will be reoffered and the estimate will reduce by 11%, then 12%, 13%, 14% etc. This allows items to find their own market value, e.g....

• A lot is offered for the first time with an estimate of £100, but it does not sell.

• The lot is reoffered in the next auction with an estimate of £89, but it does not sell.

• The lot is reoffered in the next auction with an estimate of £78, but it does not sell.

• The lot is reoffered in the next auction with an estimate of £67, etc....

(Estimate reductions are 'ramped' as above as each time a lot is unsold).

• Bids below 80% of estimate have no chance of success.

• After the auction has closed, on the Friday evening we publish the UNSOLDS list of all lots that may be purchased at 80% of estimate.

• Lots that are previously unsold are denoted US at the end of the description, e.g. US - previously unsold US2 - previously unsold twice US3 - previous unsold three times etc.

• Once a lot has been unsold five times or more and if the estimate has fallen to £20 or less, that lot drops into the BABS category (see below).

BABS: BAG A BARGAIN SYSTEM

• BABS lots are those items which have been unsold 5 times or more (marked US5, US6 etc.) and have estimates of £20 or less.

• BABS lots are denoted by (B) at the end of the description.

• These lots start at 99p and you can bid any amount you wish, at or above this level.

• Standard bid steps (tie-breaks) apply to BABS lots so if you do not wish bid steps to apply to BABS lots, please indicate this clearly on your bid form.

BID AMOUNTS

• We do not accept BUY bids as this is unfair to other bidders.

• If you are prepared to pay a multiple of the estimate price for a particularly rare item please enter your maximum price, but beware that another bidder may also recognise special value in the same item and bid accordingly. We therefore recommend that you only enter the maximum you are prepared to pay.

• You can bid any amount you choose, subject to the minimum amounts:

- Non-BABS lots: minimum bid 80% of estimate
- BABS lots: minimum bid 99p

• Conditional (either/or) bids are accepted - please clearly denote this on your bid form.

• Bids steps (up to 3) can be used to increase your bid in the event that equal bids are received (the early bidder wins a tied bid). Bid step increments are subject to your bid value - see HOW TO COMPLETE YOUR BID FORM (page 340) for full details.

• Please do not state bid an extra X% - please bid in actual GBP amounts, or use bid steps if you prefer.

• Bids must be placed in GBP.

ESTIMATES

• Estimates are based upon condition and current market value.

• All estimates and catalogue prices are in £ GBP and all catalogue prices are S.G. unless otherwise stated.

• We will state where another catalogue is used and if a foreign currency, we will show the value in Pounds Sterling equivalent.

• All non BABS lots: **bids below 80% estimate will be respectfully declined. Bidders wishing to purchase such lots for less may have the opportunity to do so in subsequent auction(s).**

BUYER'S PREMIUM - there isn't one! If you are a new client, you may qualify for our Introductory Offer* (£55 GBP discount if you spend/win £75 GBP or more)

*Offer valid for NEW Collector clients aged 18+. Offer subject to status and restricted to one per household.

Postal Auction UPA98

Live Bidding - Wednesday 2nd July, 5pm

The majority of lots in our auctions are owned by UPA, but a little while ago we introduced our **UPA Vendor** service whereby we will offer to sell more valuable items for vendors on a commission basis. Some of these vendors requested increased use of the internet for greater exposure, and in order to accommodate vendor requirements, we are offering **LIVE INTERNET BIDDING** on the following **284 LOTS** listed below.

You can still bid normally on these lots by post, fax, email, online and telephone before the 5pm (UK time) Tuesday 1st July deadline. Your bids will be confidential so that a **live** internet bidder will be bidding against bids which are on the book.

Live Internet Bidding is available upon the following lots only:

DO YOU 'APPROVE?'

You may not know it but 47 years ago, as a teenager, I received stamps sent 'on approval' from Omniphil. 17 years later in the mid-1980's I bought the company and added Avon Approvals (and mixtures) to make one of the biggest 'stamps on approval' businesses today in the UK... 1,000,000+ stamps, 7,000+ stamp books in our library, all for your choice

If you're looking for general or single country selections of individually / unit priced stamps sent to you upon approval – so that you select those you want and return those you don't want... If you can spend an average of £20 upwards per selection sent, you'll receive a very generous discount towards the cost of your returning approval books back to Sue and Pat who run our Tewkesbury Approvals Office. To join our 'Approvals' Club simply tell Pat what countries / subjects you collect and whether you collect mint & or used... STOP/Start Service any time...

GENERAL			
1		GLORY BOX A well-filled archive box fundamentally created by the underpinning formula of countries that eBay bans from being sold in their systems. However there seem to be all sorts of loopholes because we still see similar types of material offered online ... Be that as it may - THREE GLORY BOXES have been accumulated over a period of some years. But, almost inevitably other material has infiltrated along the way - for no apparent reason whatsoever. Examination of this first Glory Box reveals (in no particular order): Syrian Arab Republic 'Human Rights' Miniature Sheets, mixture stamps/MS Iraq, Cuba from classic issues onward, Switzerland from perf sitting Helvetias postmarks on pieces - thru 1940's, cheap Australia, 1960's GB, world off-paper mixture, Denmark from perforate 19th Century onward, Sudan, Classic Postal Stationery (e.g. Natal, GB, Newfoundland, India, Gibraltar etc onward), modern collector cards, Airmail commercial covers ... and more. Variable condition. This is the description of the 1st box, the 2nd & 3rd boxes have been accumulated upon the same basis - but obviously could contain literally anything. This description is for GLORY BOX Number 1. GLORY BOX Nr. 2 Follows ... We estimate each GLORY BOX to weigh in excess of 10kgs, and up to 15 kgs. HEAVY/OVERSIZE LOT - OVERSEAS SHIPPING SURCHARGE APPLIES {O}	£400
2		GLORY BOX Please read the description for GLORY BOX Number 1 in order to have an understanding of the eclectic nature of what could be in this GLORY BOX Number 2 ... Remember how these boxes have arisen courtesy of eBay prohibitions, plus 'interloper infiltrator lots' we would caution against over enthusiastic bidding because we wish the winning bidders to be delighted by the variety of what they may find ... Presumably these GLORY BOXES are totally unsuitable for specialist collectors such as single country /or areas such as Europe or British Empire collectors, and suited to General/World collectors only, but who knows ... We estimate each GLORY BOX to weigh in excess of 10kgs, and up to 15 kgs. HEAVY/OVERSIZE LOT - OVERSEAS SHIPPING SURCHARGE APPLIES {O}	£400

GENERAL - REVENUES			
166		1860-1935 We frequently see the more common India Revenues - but we rarely see such a diverse well-filled Revenues Collection as this including obviously better/scarcer material with Telegraphs now listed by SG, Forest Department, Foreign Bill etc. We're not going to say too much about this collection because you may wish to acquire the Barefoot Commonwealth Revenues catalogue - (out of print - a new edition is expected at some stage when we enquired about a year ago) ... however, there's editions available from second-hand sellers and reams of material/information online ... so if you are looking for something unusual to form/continue your collection - look no further because 'Revenues' have become highly collectable over the past 20 years doubtless due in part to John Barefoot. 100's (ONE large stockbook) HEAVY/OVERSIZE LOT - OVERSEAS SHIPPING SURCHARGE APPLIES {R} US (PH online image)	£1202

GENERAL - THEMATICS			
168		1960- LOADED with several hundred mainly different Miniature Sheets, this Stockbook reminds me of when we started TUT ... which must now be some 7 years and nudging £1 MILLION pounds worth of sales to collectors ago! Thanks to collectors like you Top-UpTwenty (TUT) is incredibly successful: Some of the very 1st TUT lots sold comprised thematics ... I thought they may stumble ... but they all flew. Here we present a similar blend of thematics... but this time ALL/Any subjects and though mainly mint with mainly modest/light duplication, some used souvenir sheets intervene. Very Colourful, distinct potential for resale here ... and probably substantial original cost. Some faults - but generally clean and attractive. Probably in excess of 300 items with good resale potential. I doubt we may experience similar for some years to come. (One large Stockbook). 1694	55b	1879 WESTERN AUSTRALIA 1864-1879 2d. ERROR OF COLOUR in MAUVE watermark crown CC (reversed), perf 12.5, lovely bright shade example significantly well-cancelled by flattering '6' numeral of Albany in blue. Research reveals this to be one of the finest examples of this early British Empire 'bird' classic error of colour, near perfectly centred too. History: apparently resulting from the use of the wrong (2d.) plate during printing of a supply of the Swan 6d. Value. The mistake was not noticed by De La Rue, and an estimated 8-10 sheets were issued in January 1879, with usage recorded at Perth and a few other offices including our Albany cancelled example. So far as is known this was the only occasion upon which DLR made such an error of printing Colonial stamps of any country, if Tobago SG 24c is excluded. 1994 highly respected PETER HOLCOMBE EXPERT colour photo-certificate accompanies, plus provenance expert signed reverse. Peter states 'A fine copy of a rare stamp'. We agree. CLASSIC SWAN Colour ERROR doubtless missing from most BIRD's collections! One of the finest examples extant. Holcombe Certificate. Exhibition Standard. Previous sale of a different example some years ago, it is believed a similar but inferior quality example realised near full current SG catalogue value. LUXUS According to the record of The Royal Philatelic Collection Curated by Sir John Wilson Bart (Dropmore Published 1952) King Charles possesses one example of the Swan 1879 2d. ERROR OF COLOUR in MAUVE, however an image of the quality of the Royal Collection stamp is not published. For reference, we have included an example of the original perf 12½ 2d yellow – so you can compare what should have happened. Cat. £15000 {U} US (PH online image)	£8856

1885		1990-2006 324 Images: Strange how in 50 years we have never handled these fascinating 'My Brand - My Stamp' 'personalised' stamps of Austria before. With x 5 generally well-filled albums, we can't promise but all appears to be u.m. throughout - though many have selvedge folded behind ... if we owned them we would probably remount them ... but hardly any appear to be damaged ... and online research advises that some of these SELL well ... there's many many hundreds and they appear to sell for up to £2.75p each online at eBay ... with the bookful of pack 'Editions' some sell for up to £20 each. Apparently high total face value too with many stamps face value 45p+ each Euro equivalent value. Many 100's including the marken value packs sheetlets of 8. Crying out for more research and reorganisation incredible range variation, subjects and themes. Estimated retail/resale price in excess of £1,500=.	I doubt we will ever handle another such lot. 324 Images Start price-drop £1,475= (5 Volumes Many 100's). HEAVY/OVERSIZE LOT - OVERSEAS SHIPPING SURCHARGE APPLIES {CC} US (PH online image)

(13) Cat. £160 {UM} US3	£79	2192		PROVISIONAL OVERPRINTS ON THE ISSUES OF PAKISTAN 1971-1973: Housed in five substantial dark green 22 ring type albums the extensive and mainly written up collection sets the scene commencing with three leaves mint Pakistan definitive series 1962-1970, followed by mint GOVERNMENT OF BANGLADESH types. LIBERATED BANGLADESH, BANGLADESH Official Surcharges, Liberation Forces, and onwards devolving into used overprinted series, very substantial collection of covers interspersed from time to time by various types/sections mint handstamped issues etc. Noted varieties, multiples, Regions, the whole backed up by copious quantity apparently all different Post Offices with handstamps, duplicated used ranges, stockbook mint handstamp issues, and more, with main focus upon the definitive series. Extensively written up, a significant amount of study has already been invested in the collection, but there is still much more that may be done by research/study extending/taking the collection further forward. Bangladesh appears to have come of age. Whereas some time ago there appeared to be abundance of availability, these days there is little genuine material on the market. Although we have given this a broad 'rounded' description please request images to do justice to the collection, although with so much present images will almost certainly be representative. Certainly the most valuable most extensive collection Bangladesh we have ever witnessed, historically this feels like the start of a journey. 10108	2 PL6	1840 Original FREEHOLD PROPERTY Auction Particulars of Sale Notice posted bearing 1d. Black block of 4 multiple cancelled/tied to document by black maltese crosses, adjoining discernible NEWPORT PAGNELL MR 8 1841 CDS. An extraordinary intact Auction Sale notice addressed to the representative Solicitors William Andrews Esquire, Solicitor, Market Harborough printed and dated 3rd March 1841, mailed a week before auction. 1d. Black block of 4 letters G-B, G-C, H-B, H-C, more an intense black shade, well-defined, clear profile H-C, plate 6 multiple bearing defining guidelines H-C, G-C, plus G-B top line N.E. corner weak. Original fold crease runs below G-B, H-B, the multiple has likely been pressed as there is no sign of deeper creasing but rather of paper undulation. Astonishing good to large four margins bearing traces of adjoining impressions E. & S. the multiple we suspect just fractionally touched S.E. corner H-C although this may never be proven due to position of tying black maltese cross. Doubtless a number of these auction notices may have been mailed bearing similar blocks of plate 6 1d. Blacks, but we shall never know for this is surely unique, 'presenting' almost A4 format fitting within most large format stamp albums, but opening out to an extraordinary 4 x size, measuring some 14.5 inches wide (370mm.) x c.22.5 inches deep (465mm.) deep. We suspect that the properties so auctioned may even be identifiable/exist today. Document faults obviously but in extraordinary sound overall condition plus the valuable plate 6 1d. Black multiple catalogued £18,000 OFF piece ... which must surely command an at least 25%-50% catalogue value premium upon this unique auction notice which would add charisma to any classic collection. GREAT BRITAIN - QV (LINE ENGRAVED) - IMPERFORATE 1D RED PLATED			
10438	8tz PL34BS23	1841 QV. Slightly blued 1d. Red-Brown deeper shade clear letters I-B and denomination neatly cancelled by large part upright charismatic NORWICH Maltese Cross. Four good margins, no faults. Super (1v.) Cat. £450 {U} US PH Plate 23	£174
10439	8-12a BS66a	1847 Plate 77 isn't just host to the UK's most valuable stamp - the perforate 1d. Red plate 77 which even recently realises £400,000 to £500,000, but unknown to many collectors the IMPERFORATE Plate 77 1d. Red is also host to the World's FIRST MAJOR STAMP ERROR - the SG listed 'B' BLANK 'A' mentioned in the SG GB Concise below SG12, and catalogued in the revised SG Line-Engraved Specialised Catalogue at £22,000. In 50 years full-time trading we have only handled this stamp three times - the 1st being in 1980 when we sold an example for GBP£2,250= (a lot of money in those days), the 2nd time being some 4 or 5 years ago, we sold a more heavily cancelled four margin example, with a less clear lower half for nearer £15,000. This is hardly surprising when only 28 examples have been recorded. Literally years go by and sometimes decades before we see another. Naturally King Charles holds an example in the Royal Collection, and doubtless institutional collections such as the British Library will hold others. These days part of the passion in philately is the almost universal interest in STAMP ERRORS, and we stand to be corrected but we believe the 'B' BLANK 'A' to be the world's FIRST MAJOR PHILATELIC ERROR, aided and abetted by the fact that most stamp issuing countries had not even issued a stamp until, for example, France two years later in 1849! Imperforate 1d. Reds were 1st issued printed from 1d. Black plates in 1841, and it was not until 1847 when the 1st 1d. Red Plate 77 was produced from which this rare example comes. It is recorded that the error 'no letter A in right corner' was due to the omission to insert this letter on stamp B A of Plate 77. The error was discovered some months after the plate was registered and was then corrected. Interestingly SG Specialised Catalogue adds that Plate 77 was registered on 19th April 1847 but probably was not put to press until early December 1847. The plate had a short life: SG Specialised continues ... the plate was probably taken from press mid-August 1848 and was destroyed 2nd December 1848. Importantly ... on 5 January 1848, Edwin Hill wrote to the printers Perkins, Bacon Ltd noting that the letter A of BA had been omitted and asked for this to be inserted and a fresh Imprimatur sheet to be printed. The letter A was inserted and the plate re-registered on 12 January 1848 – which may account for relatively few B BLANKS issued in the first place and so few survivors extant today. A fine used example for this from Die 1, touched at left, crucially with good clear margins where it counts, with the clearest VOID A corner that a collector could desire. Reverse hinge trace, no faults, plus clear 'AFTER CONSULTATION' 2022 Royal Philatelic Society London (RPSL) photo certificate of authenticity signed stating genuine with no observations. 'Once' in most philatelic lifetimes. Fine colour, clearest VOID A 'B' BLANK we have rarely(!) offered. As you may have determined ... one of my favourite stamps, only 28 examples recorded since 1847: how few may exist today (1v. RPSL Certificate 2022) Cat. £22000 {U} US PH Plate 23	£10458

11124	316 M50(2)	1911 NEW WATERMARK DISCOVERY: KEVII Somerset House Printing 2s.6d. Excellent Dull Reddish Purple colour well-centred fractionally E. v.f. mint slight hinge full original gum - lovely example. Reverse: review of the Anchor watermark discovery ... it is significantly mis-positioned to West but there is additional presently unidentified 'manuscript' style watermark to East. The obvious conclusion this example comes from the first row to the left-hand side (as viewed from the front). Still viewing from the front, the sheet was printed mispositioned with Anchor watermarks significantly to the right - so far over that the watermark plate inscription intended to be present in the left-hand marginal sheet selvedge NEVER INTENDED TO BE SEEN ON THE STAMP was pulled over into/onto this stamp. In 50 years, we have never seen this before on a KEVII high value stamp ... however we are reminded of the manuscript watermarks upon the Queen Victoria 'bantam' ½d's of 1870. Originally the EDVII 'square' high values were printed in sheets of 56 so a few more left-hand marginal examples must have originally existed. Discovered after 111 years almost certainly unique today - a new UPA discovery 111 years following printing. Clearly visible to the naked eye upon the reverse, even more graphic when immersed in Prinz super-safe watermark fluid or the American produced 'Clarity' watermark fluid (neither affect the gum of mint stamps). Comparables: Compare the Somerset House Dull greyish purple 2/6d. ... scarce u.m. but available at a £1,000+ retail value. Now compare with an INVERTED WATERMARK Somerset House 2s.6d.... We cannot - None exist. Now compare against a similar but DLR printing 2s.6d INVERTED WATERMARK ... mint - a £5,000+ stamp. We have not checked but this example may now be the only known Somerset House 2s.6d. watermark variety in existence. Sensational new discovery. Buy to own this unique example and research. 11661		1995 Walsall Security Printers Ltd: Subtly printed presentation folder c.460mm x 205mm housing TWELVE Original Stamp Designs in sheet/panes format, representing Worldwide locations and printed on a Chesnut 150 Rotary Gravure Press, with the exception of Venice, and Tobacco Cay, printed on a Roland Favorit litho press. A collaboration between The Royal Mail, Walsall Security Printers Ltd., and the Royal College of Art. Attributes: Barry Robinson: Design Director, The Royal Mail. Geoff Higgins: Technical Director. Walsall Security Printers Limited. Artwork by the students of the Royal College of Art's Graphic Design and Illustration departments: Although obviously more may be extant, in 50 years I have never seen another. Designs named and attributed to specific students in the marginal selvage, these are high quality extraordinary designs printed upon gummed and perforated stamp paper. We could find nothing on the internet, maybe you can do better, but we typed search terms using the specific printed wording above. ALL TWELVE mentioned sheets are present. Condition is very fine to superb. If all sheets comprise some 50 perforated stamp units ... we're looking at up to 600 'stamp' designs comprised within the 12 sheets. The more we think about it ... this appears to be an essay to impress by Walsall Security Printers Limited, cleverly produced in collaboration with the Royal Mail and the Students of the Royal College of Art's Graphic Design and Illustration departments specifically to impress the decision-makers of the Royal Mail to direct/increase their orders for stamps printed by Walsall. We found the date 1995 within one of the 12 sheets. Timing would appear to make sense as Walsall printed more in the ensuing period for the Royal Mail. Obviously these cannot be unique but how many were professionally produced to impress and apparently (witness the Bureau sellotape on the cardboard) the Philatelic Bureau distributed some(?) but not to collectors, and at £2 per 'stamp' or less what are these really worth - more... or less than our original price-drop start price? Treat Yourself for you may never see another. Magnificent (One Collection 12 Original design sheets + presentation folder protected by original Royal Mail taped card). 11669	MS3272	2012 QEII 2012 Diamond Jubilee MISCUT Miniature Sheet ERROR (plus normal FDC for comparison) - Note COMPLETE QEII 'Wilding' light brown 1st definitive to Right Hand Side - Plus VOID Position and Text to Left Hand Side with completely MISSING QE 'Banknote' 1st (Green). Stunning. Windsor 6th February 2012 First Day Cancel (one such cancel disguising VOID position). Interestingly, and most remarkable is the fact that it has not proven possible to find another example for sale online currently (as I type) ... however there is quite a story to how the pricing of this stunning QE Miniature Sheet error on FDC has evolved - speculation (2012) as to very low number of errors created an initial estimate of £1,000 to £2,000 ... we have seen the invoice for another example which sold for £885= but we have also found this Diamond Jubilee MISCUT ERROR on first day cover being offered for sale some time ago at £190 but SOLD out of stock as no longer available. Usually if you look hard enough something may be found but we come to the conclusion that this is a significant error of which more than ten years later more are unlikely to be discovered, upon a very popular Royal subject which when infrequently offered sells. Our client tried to obtain a number of these over a period of years until seven error FDC's plus one MS u.m. had been acquired ... which is why this stunning miscut positional error miniature sheet is launched on TUT for just £275=. We feel that this error on FDC could sell for up to £475= however we have this small number which may almost all be offered via Top-UpTwenty. How long will this one last? A major miscut ERROR miniature sheet with MISSING 'Banknote' stamp. Very popular. Superb (1 Miscut Ms. FDC + normal Ms. FDC) {U} US (PH online image) £245

11690		1845 Original 1846 BRITISH POST OFFICE NOTICE: Provenance: We bought this notice 11 years ago with another important Post Office Notice announcing the REGISTERED MAIL Service which was soon sold for in excess of our price today. We parked this poster on a shelf - long-forgotten until we found it this week. This Original British Post Office Notice is obviously damaged but fortunately in an open void area. Please Read the content - this notice will be wanted by every collector of British Queen Victoria stamps... BRITISH POST OFFICES USED ABROAD: Quote: A CONTRACT having been made by Her Majesty's Government with the Pacific Steam Navigation Company mentions STATES & PORTS established from which stamps are collected today. The area of collecting BRITISH POST OFFICES USED ABROAD has seen a significant resurgence of interest and price rises within the past five years. Highly Desirable Frontispiece to any BRITISH POST OFFICES USED ABROAD specialised collection. Ceratinly never unique then, but now how rare just 179 years later? Could another be found ? (1. 16013	4-13	1863-81 QV Wmk C CC P.14 ... ½d. Buff --> ½d. Yellow Set ALL 10 P.14 different shades mainly fine mint, one or two unused. Naturally this set is notoriously difficult, in fact Stanley Gibbons does not list the 10 different shades in a set format ... and there is obviously a good reason why because in fifty full-time philatelic years I have never seen a 'set' as such offered. Of course we all know that it is inevitable that some shades may not be deemed as such by experts ... but we also know that it would cost approaching £600 including VAT to have each ½d. expertised ... which is completely untenable when the sum of £600 would purchase a significant portion of this set. Therefore let's agree that this accomplished well-shaded set of 10 shades has potential for a total SG catalogue value in the sum of £3,260= ... now let's deduct an arbitrary 25% and 'round' the catalogue value down to £2,400= ... then leverage price (reducing) against £2,400= catalogue price ... Let's see where this takes us for you may never find or put together another set of shades as credible as these, Oh - and by the way - if you purchase and have the odd shade already in respectable condition ... we will happily agree an exchange credit against other UPA Auction or TUT lots - but - you must pay for this lot in full first ... because we are not accepting trade-ins of P.14 shades against this set, which in our opinion is as good as it gets. Once in lifetime Cat. £3260 {MH} US PH Plate 69 £1420		16042	31/35	1899-1901 Pictorial set plus ¼d shade, mint, 10s with tone spots. (6) Cat. £200 {MH} US2 £78
